## MORE INFORMATION

### Pick your bed size

This bed is available in your choice of size! Select your size above or check out all the dimensions below to help make your decision.

### Made with pine and MDF

MDF stands for medium-density fibreboard which is a denser form of plywood but with a flatter, more stable, and silky-smooth feel to it. This paired with beautiful and strong pine timber makes for one good looking (and sturdy) design.

### Matching product range available

Looking to complement this design with another? We've planned ahead for you. We offer a matching product range under the same name - give it a search and start mixing and matching!

### Center support rail

This bed is fitted with a center support rail which not only adds a world of difference to your comfort, but also helps prevent damage to your bed and mattress. Without a center support rail you risk your bed sagging in the middle over time which warps both your mattress and your bed's slats. No thank you!
